C. D. MICHENER, University of Kansas	1962	G. L. VOSS, University of Miami Marine Laboratory
A. E. EMERSON, University of Chicago	1963	R. PENNAK, University of Colorado

The Society of Systematic Zoology

OFFICERS FOR 1960

President

W. I. FOLLETT
California Academy of Sciences

President-Elect

R. E. BLACKWELDER
Southern Illinois University

Secretary

R. TUCKER ABBOTT
Academy of Natural Sciences, Philadelphia

Treasurer

H. H. HOBBS, JR.
University of Virginia

Business Manager

J. M. SAVAGE
University of Southern California

Program Officer

C. F. LYTLE
Tulane University

THE COUNCIL

W. H. BURT, University of Michigan	1960	C. G. GOODCHILD, Emory University
R. H. BAKER, University of Kansas	1961	R. L. USINGER, University of California
J. W. WELLS, Cornell University	1962	H. VAN DER SCHALIE, University of Michigan
W. K. EMERSON, American Museum of Natural History	1963	E. MAYR, Museum of Comparative Zoology, Harvard

Index for Volume 9 (1960)

BOYDEN, ALAN. A brief commentary on Simpson's Anatomy and morphology: classification and evolution 1859 and 1959 44

DAWSON, E. Y. A review of the ecology, distribution, and affinities of the benthic flora (Baja California symposium) 93

DURHAM, J. WYATT, and EDWIN C. ALLISON. The geologic history of Baja California and its marine faunas 47

EBERLY, W. R. Competition and evolution in cave crayfishes of southern Indiana .. 29

FOLLETT, W. I. The fresh-water fishes—their origins and affinities (Baja California symposium) 212

GARTH, JOHN S. Distribution and affinities of the brachyuran Crustacea (Baja California symposium) 105

GOODWIN, G. H., JR. Unrecorded papers of Rafinesque and Jacob Green 35

HUBBS, CARL L. The marine vertebrates of the outer coast (Baja California symposium) 134

KLOTS, ALEXANDER B. A terrestrial flatworm well established outdoors in the northeastern United States 33

MCLAREN, I. A. Are the Pinnipedia biphyletic? 18

MOORE, JOSEPH C. Squirrel geography of the Indian subregion 1

MYERS, GEORGE S. Some reflections on phylogenetic and typological taxonomy 37

ORR, ROBERT T. An analysis of the recent land mammals (Baja California symposium) 171

SAVAGE, JAY M. Evolution of a peninsular herpetofauna (Baja California symposium) 184

SMITH, HOBART M. An evaluation of the biotic province concept 41

SOULE, JOHN D. The distribution and affinities of the littoral marine Bryozoa (Ectoprocta) (Baja California symposium) 100

STAGER, KENNETH E. The composition and origin of the avifauna (Baja California symposium) 179

TRUXAL, FRED S. The entomofauna with special reference to its origin and affinities (Baja California symposium) 165

WALKER, BOYD W. The distribution and affinities of the marine fish fauna of the Gulf of California (Baja California symposium) 123

WIGGINS, IRA L. The origin and relationships of the land flora (Baja California symposium) 148
